IFEChain

IFEChain is a single platform Purchase Order Management tool developed for our customers. Fully adaptable and with the ability to be tailored to suit users in a varied range of industry verticals.

IFEChain is able to bring together data from all links within the supply chain under a single centralised platform. This allows the user to benefit from full visibility and exception management of all purchase orders from inception, through to shipment and finally on to completion.

Correlating Data under a single platform, gives the user access to a comprehensive range of search/reporting options. This include:

- Supply Chain Management
- Container Load Plan Visibility
- Customised Dashboard
- Duty Management Linked
- Document Download & Upload
- Bespoke KPI Reporting
- Cost Calculating
- Critical Path Management
- Shipment Consolidation Tool
- Predefined Bespoke Milestones
- Online PO and Shipment Approval
- Shipment Status Visibility
- Full Statistical & Financial Reporting
- Process Management
- Vendor Management
- Vendor Portal & Training
- Multiple Levels of User Access
- Multiple Search Parameters
- Dynamic Event Alerting.

Duty Management

IFE Global Logistics are a fully authorised CFSP/ Duty Management Bureau. We are able to offer a number of solutions all designed to simplify your Customs procedures, improve your compliance and most importantly unlock much needed cash flow.

Option 1 - In order to enjoy the benefits of CFSP your goods must be released from port into a customs bonded facility. IFE Global offer a full application and consulting service to help our clients through the complicated process of gaining approval, for both bonded warehousing and CFSP authorisation. Once approved, IFE Global have the expertise and market leading customs software to fully manage all cargo, both into and out of your bonded facility. This ensures Duty & Taxes are paid correctly and at the right time.

Option 2 - "Already have an approved Customs warehouse facility?" Why not allow IFE global to look after your Duty Management. For a fixed monthly fee using our market leading software, IFE Global can make all your declarations for product moving in and out of your facility. We offer a number of statistical reporting solutions giving our clients total visibility on Duty & Vat liabilities right down to individual product level.

Option 3 - IFE Global can provide all the benefits of CFSP by storing your cargo in one of our bonded facilities. This allows our clients to reap all the advantages of operating under CFSP, without having to go through any HM Customs application process.

Your worldwide logistics partner

by air, by sea, by land

Delivering a quality, efficient service worldwide //

IFE Global Logistics was founded in 1999 and has swiftly become one of the leading names in logistics, operating across 55 countries worldwide.

Being part of a global network //

At IFE Global Logistics, we are proud to be a part of the Global Alliance Corporation.

This network of the world's leading freight forwarders and carriers reaches out across 55 countries, with offices in more than 200 locations across the globe. By working together with our partners, we can offer a much more integrated and robust logistics solution, giving you peace of mind that we are managing every aspect of the service.

With a strategically-placed network of offices around the world, we are able to provide constant monitoring and a truly global reach, while still providing you with a personal, tailored service that meets your needs and exceeds your expectations. Our unique network also means we are able to keep you constantly updated on the status of your shipments from the moment they are dispatched – allowing you to instantly track them wherever they are in the world.

GLOBAL ALLIANCE CORPORATION

Specialists in China, India and Bangladesh //

Through extensive global network of freight carriers and forwarders, we are able to offer an exceptional service across the world. However, we have particularly strong links across China, the Indian subcontinent and South East Asia.

This unrivalled working relationship has opened up shipping routes across the region more than ever before. In turn, this means we are able to offer exceptional trade links between China and India, improving the flow of shipments and providing a premier service to all main ports and shipping facilities.

Focus on India //

Recognised as a market leader from this region and with a combined wealth of knowledge in excess of 40 years – our approach to Indian Culture and Ethics is instantly distinguishable.

Having Offices located in all the major metros including Delhi, Mumbai, Chennai, Bangalore, Kolkata, Tuticorin, Cochin ensures that IFE can deliver and receive our own daily Full & Part Load Container boxes as well as offering an extensive array of Airfreight Solutions too.

Focus on China //

Every year we import thousands of containers from ports across China. We have dedicated account managers for this trade. Being part of an extensive Chinese network gives us exceptional buying power, enabling us to provide a first class, economical service and a great client experience from booking through to delivery at your customer's door.

Focus on Bangladesh //

As a major emerging market, IFE Global has invested into Bangladesh so to ensure it can continue to provide its clients with an ever changing array of Logistic and Supply Chain solutions. With Offices and Staff situated within both Dhaka City, Dhaka International Airport as well as the main Bangladesh Port of Chittagong, IFE remains strong and consistent.

As Bangladesh is predominantly a Retail/Textile area; so to meet with growing demands of both the Supplier and Retailer, IFE can further enhance itself by offering additional bespoke solutions including GOH (Garment on Hanger), Pre assembly, Pre quality inspections to its growing portfolio.
