Delivering a quality, efficient service worldwide //

IFE Global Logistics was founded in 1999 and has swiftly become one of the leading names in logistics, operating across 55 countries worldwide.

Our ongoing commitment to offering the very best solutions to our clients has earned us a fierce reputation for delivering a quality, efficient service worldwide.

Our exceptional relationship with our global partners ensures our service is unrivalled in terms of speed, reliability and security. Our range of solutions provide an enormous amount of flexibility and adaptability, giving you absolute peace of mind and allowing you to concentrate on what's important – your business.

We're committed to customer service //

We know the value of a focused, experienced team, which is why we have hand-selected leading professionals from within the industry to ensure we provide the very best possible service at all times.

Our combined wealth of expertise – complemented by our programme of continuous professional development – mean we have all the skills at our disposal to always deliver great results.

Every client has their own dedicated account manager, meaning that you always have direct contact with someone who knows every aspect of your requirements and your deadlines.

We also offer Supplier and Order Management services, allowing you to time your shipments, reduce costs and ensure you are always able to meet demand.

Being part of a global network //

At IFE Global Logistics, we are proud to be a part of the Global Alliance Corporation.

This network of the world's leading freight forwarders and carriers reaches out across 55 countries, with offices in more than 200 locations across the globe. By working together with our partners, we can offer a much more integrated and robust logistics solution, giving you peace of mind that we are managing every aspect of the service.

With a strategically-placed network of offices around the world, we are able to provide constant monitoring and a truly global reach, while still providing you with a personal, tailored service that meets your needs and exceeds your expectations. Our unique network also means we are able to keep you constantly updated on the status of your shipments from the moment they are dispatched – allowing you to instantly track them wherever they are in the world.

Specialists in China and India //

Through extensive global network of freight carriers and forwarders, we are able to offer an exceptional service across the world. However, we have particularly strong links with partners across China, the Indian subcontinent and South East Asia.

This unrivalled working relationship has opened up shipping routes across the region more than ever before. In turn, this means we are able to offer exceptional trade links between China and India and the rest of the world, improving the flow of shipments and providing a premier service to all main ports and shipping facilities.

With the continued growth in business in the Far East and Indian Sub-Continent, we are proud to be at the forefront of the logistics industry in this area and we are able to provide you with the reliable, efficient and focused solutions you need.

Focus on India //

We have more than 20 years first-hand experience of Indian culture and we are proud to offer a door-to-door service. We work with two partners - Dei Gratia Logistics (North India) and O&H India (South India) - and we are recognised as the market leader in the region, with daily full and part containers arriving from Mumbai, Chennai, Delhi, Cochin, Kolkata and Tuticorin.

Focus on China //

Every year we import thousands of containers from ports across China. We have dedicated account managers for this reason, all as part of an extensive Chinese network. This gives us exceptional buying power, enabling us to provide a first class, economical service and a great client experience from booking through to delivery at your customer's door.

We offer regular services from: Hong Kong // Yantian // Xiamen // Shanghai // Ningbo // Qingdao // Xingang // Fuzhou // Dalian // Huangpu // Guangzhou // Jiangmen // Shunde // Shantou // Zhongshan // Mumbai // Chennai // Delhi // Cochin // Kolkata // Tuticorin

Sea Freight //

Moving shipments by sea is at the heart of our service and one of our core areas of expertise. During 2011 we handled in excess of 7,000 import and export containers for our clients, carrying goods of all shapes and sizes to and from the UK to destinations all around the world.

Being an active member of the Global Alliance Corporation, we are able to negotiate highly competitive rates and provide an exceptional quality of service through our network of partners, which stretches around 55 countries and 200 key locations.

Our expertise in the logistics industry means we know how to move anything anywhere. We have shipped buses from Africa to the Mediterranean, whole factories to India and antique cannons to Malta. When it comes to shipping, we are the name our clients always trust.

FCL and GOH //

If you are moving large objects or require a full container, then FCL (Full Container Load) is the ideal option for you. You will have a reserved container for your exclusive use, loaded and unloaded to your specifications. We also offer GOH (Garment On Hanger) solutions for the textile industry, adding an extra layer of flexibility and adaptability to our service.

LCL Cargo //

If your shipments don't fill a container, then you could be losing money every time you move your cargo. However, LCL (Less than Container Load shipments) can maximise your efficiency – and IFE Global is one of the leading names in this service. We will consolidate your orders from places such as India or China and provide the same great service for a more economic cost.

Exports //

If you're looking to export your products around the globe, then we can help you. Our impressive logistic links and extensive partnerships mean we can offer

a reliable, secure and flexible service that reaches out around the world and gets your cargo to its destination on time and on budget.

Cross Trade //

At IFE Global Logistics we have consolidated our position as the leading name in this area. We can arrange shipment between practically any two countries around the world, without any requirement to go via the UK. This adds greater efficiency to your processes, helping to streamline your business operations.

Buyers' Consolidation //

If you have cargo from various manufacturers in one particular country, why not consolidate your orders and save on the shipping costs? That is exactly what our Buyers' Consolidation service provides, giving you the opportunity to ship multiple orders at the same time, increasing your efficiency and reducing costs.

Air Freight //

With extensive experience in all aspects of air freight, we can offer our clients exceptional facilities, to and from any corner of the world – and all for a competitive price.

Over the years we have secured strong links with all of the world's major airlines and operators. This not only enables us to offer the very best rates, but also means we are able to secure the most efficient, quickest routes all around the world.

Ideal if time is of the essence, our air services also provide same day collections and deliveries for the most urgent shipments – which puts the business world firmly on your doorstep.

Express //

Do you need your shipment as soon as possible? Our express air freight solutions are aimed at time critical shipments where every second counts. We use the fastest, most frequently used available routes to get your cargo from A to B as soon as possible

Deferred / Economy //

If cost is a sensitive issue, then we are able to provide an economy air transport solution that still delivers the high quality service you expect from IFE Global Logistics. A deferred service allows even more affordable air freight by allowing your cargo to be shipped at the most convenient time for the airline.

Courier //

When your cargo needs that extra level of service, we offer a bespoke courier service. This is ideal if your delivery is time sensitive or you need that extra peace of mind you get from a personal service. Our courier solutions are flexible, adaptable and fast.

Sea/Air //

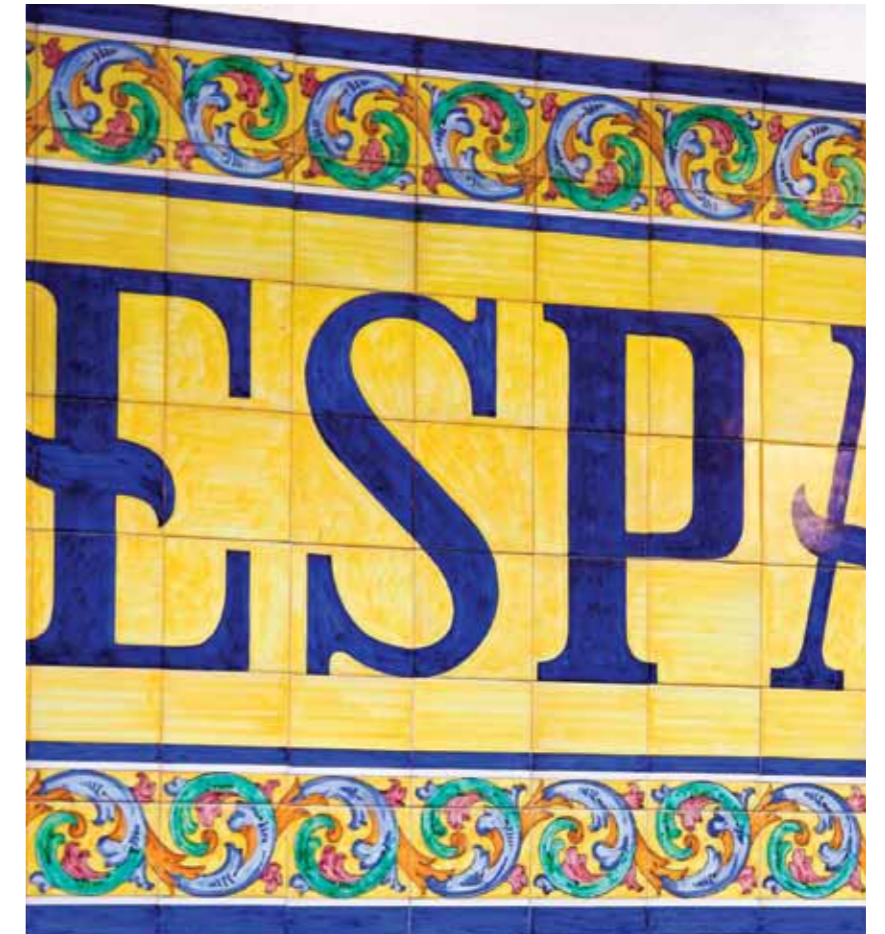

At IFE Global Logistics we can offer a fast, efficient logistics solution that brings the speed of air transport together with the efficiency and economy of shipping to keep your shipment moving at the best possible price.

Overland & European //

We offer a full range of overland services across the UK and Europe, providing express, standard and economy deliveries and connections tailored to your needs.

Our fleet is able to transport all sizes and shapes of cargo, by road and rail, giving you supreme flexibility and helping to ensure that clients receive the best possible service.

Reliable, cost-effective and offering a daily service, our overland logistics solutions are an essential part of business across Europe. Last year we transported more than 2,500 containers by rail alone – putting us at the forefront of the industry and providing you with a high quality service that delivers on its promises.

Customs Clearance, Warehousing and Value Added Services //

Moving your shipment from one side of the world to the other is one thing – but there are a raft of other services we provide that help give you peace of mind and make doing business so much easier.

Our huge wealth of experience means we are able to make every shipment go smoothly – giving you access to our expertise and our systems, putting you in complete control of whatever it is you're shipping.

Customs Clearance //

Getting your shipment through customs can seem like a complicated and stressful task. However, our team is able to give you the advice and support you need, ensuring you have the right paperwork in place for your shipment. We are linked to all major UK points of entry and we also have a direct link with 'CHIEF' the Customs computer network, allowing us to make every aspect of clearance more efficient – and ensuring that your documentation is always in the right place at the right time.

Warehousing //

We provide a flexible global warehousing service – staffed by trained professionals who will handle your items with care and respect at all times. Reliable, secure and regulated, our warehouses provide an ideal storage solution for your shipments.

Pick & Pack //

Need specific items to be sent on ahead of the main shipment? Want greater control over your supply chain? We offer a tailored 'pick and pack' service that puts you in the driving seat and allows you to split your shipments into more manageable portions.

Labelling / Barcoding //

If you need to have an easy to use and simple way of identifying parts of your shipment, we provide a full labelling and barcoding service. This simple approach ensures your products are easier to track and gives you even more flexibility in your shipment.

Sourcing & Procurement //

Looking for something specific? With extensive contacts across the globe and an industry-leading understanding of freight, we know how to source – and deliver – the items you need, bringing buyer and supplier together and ensuring all parties are able to enjoy a sustainable and stable working relationship for the future.

Insurance //

With increased buying power, we can provide excellent, cost-effective marine insurance, whether your shipments are made by land, sea or air. Available either per shipment or as rolling cover, our service provides complete peace of mind, with the full replacement offered whether it is lost, damaged or stolen.

Tracking your cargo all the way //

At IFE Global Logistics we know that it is important for our clients to keep up-to-date with what is happening with their shipment.

This is why we offer the latest technology to help you monitor your cargoes progress anywhere in the world at any time.

Our global partnerships and commitment to using the latest technology mean we are able to give you absolute peace of mind every step of the way, with all the information you need at your fingertips.

Advanced Cargo Tracking //

Do you want to keep track of your cargo? Our unique tracking systems provide you with easy and instant access to your shipment status. All you need to do is log on to our website and all the information is there at your fingertips.

INTRTRA //

INTRTRA is a major provider of e-commerce solutions for the ocean freight industry. Their network allows access to around 30 of the world's leading ocean carriers through a single service. This helps save time and money and gives clients the opportunity to simply and quickly track their shipments at the click of a button. This approach gives improved adaptability and flexibility, ensuring our clients have greater control on their supply chains.

Tailored Shipment Reports //

We know how important it is to keep up-to-date with your shipment's status. That's why we provide all our clients with tailored reports, to confirm how your cargo is progressing and ensure you always have all the information you need.

Supply Chain Logistics //

Our ability to provide logistics solutions that match your supply chain requirements make us an invaluable asset to your business. We will work with you to integrate distribution and shipments that match the flow of your demand, giving you complete control of the process at all times.

Purchase Order Management //

We provide a tailored purchase order management solution, which can be fully configured to your business needs and adapted to your changing supply requirements. Our expertise and understanding of the market mean we can provide you with instant visibility and the flexibility you need, whenever you need it.

Driven by the needs of our clients //

Our flexibility, expertise and ability to tailor logistical solutions by any means of transport provide a high quality service that delivers efficiency.

Working with an established network of overseas partners, we transport your cargo quickly, reliably and securely. Our commitment to our clients has helped IFE Global Logistics to become one of the fastest growing companies in the industry – and a name synonymous with a quality service.
