

About IFEChain

IFEChain is a single platform Purchase Order Management tool developed for our customers fully adaptable and able to be tailored to suit users in huge range of industry verticals.

IFEChain is able to bring together data from all links in the supply chain under a single centralized platform, this allows the user to benefit from full visibility and exception management of all purchase orders from inception through to shipment and on to completion.

Correlating Data under a single platform gives the user access to a comprehensive range of search and reporting options only available with a fully integrated system.

For further information on how **IFEChain** can benefit your business please call Jamie Cramer on 01268 594078 or email Jcramer@ifeuk.com.
