

# IFE Event & Exhibition Services

We understand at IFE that timing is everything when it comes to Event and Exhibition delivery. Our vast array of worldwide contacts and value added services will ensure that your exhibition materials are delivered to your stand, on time.

IFE Global Logistics has been established since 1999 offering a wide range of services from deep sea FCL / LCL shipments, through to airfreight and overland road freight. Our experienced Exhibition Services Team ensures that customer service remains paramount at all times.

Our unique **IFECost Down Freight Calculator** is a must have for any Events or Exhibition organiser arranging import or export of goods. Our freight calculator will;

- Allow you to reduce your shipping costs
- Check existing supplier invoices
- Give you access to quick part load quotations, import or export
- Provide accurate up to date transit Information
- Give a price Per Package / Per Cube / Per Piece

IFE freight calculator is the fast way to get a competitive Import or Export part load quotation at the click of a button.

We work closely with official representatives from all trade shows and events ensuring a smooth operation from the initial collection of goods all the way through to final delivery at your event stand.

Our efficient systems have recently been recognised with the award of ISO 9001:2008 accreditation for quality management.

- Export and Import rate calculator
- Domestic and International transport arrangements
- Sea, Air and Road Freight options
- Customs clearance and delivery to your stand, via Official Representative
- Empty Crate Storage, via official representative
- Transport Insurance
- Return of empty crates
- Re-Export clearance
- Delivery of all your exhibition materials back to your premises
